

WELCOME TO EDUCATION FOR CHILDREN AND YOUTH EXPERIENCING HOMELESSNESS (ECYEH)

Pennsylvania's Education for Children and Youth Experiencing Homelessness (Pennsylvania ECYEH) Program was established to make sure homeless youth have access to a free and appropriate public education while removing barriers that homeless children face. Its goal is to have the educational process continue as uninterrupted as possible while the children are in homeless situations. Some of the other main objectives of Pennsylvania's Education for Children and Youth Experiencing Homelessness Program are to inform local school districts of their responsibilities to homeless children and youth, to increase awareness about the needs of homeless children, explain current laws and policies, and provide practical tips for working with homeless children.

PROGRAM OBJECTIVES:

- reduce the disruption in the educational lives of children and youth experiencing homelessness
- increase awareness about the nature and extent of the problems children and youth experiencing homelessness have enrolling in and gaining access to educational programs and services; explain laws and policies already in place, which overcome these barriers
- build on laws and policies already in place, which overcome these barriers
- build the capacity of others to assist identifying, enrolling, and ensuring the educational success of homeless children and youth
- provide opportunities to collaborate with other statewide initiatives such as special education, Response to Instruction and Intervention (RTII), Early Childhood, and Title I to improve academic achievement
